CRUSADE AGAINST FRAUD CONTINUES

Postoffice Inspectors Raided Offices of Two Fifth Avenue Brokers

MILLIONS IN STOCK SOLD

Company Alleged to be "Fleecing" Public With Worthless Oil Scheme—Raid is Followed by Arrests.

New York, March 27.—In a raid today on the stock brokerage offices in Fifth Avenue, occupied by Wisner & Company, and the Standard Securities Company, postoffice inspectors charged that irregularities amounting to more than $2,000,000 had been brought to light. Transactions in excess of $10,000,000 throughout the country are credited to the two concerns in the last few years.

Archie and Emmett S. Wisner, constituting the ownership of both concerns, and Grover S. Trumbull, chief clerk, were arrested. A United States commissioner held Archie Wisner in $7,000 bail for the Federal grand jury; Emmett S. Wisner in $5,000, and Trumbull in $1,500. They were committed to the Tombs. The charge is using the mails to defraud by selling worthless stocks.

The specific charge is that the Wisners, through mail correspondence represented to stock purchasers that the California Diamond Oil Company was actively at work, when, as a matter of fact, according to the charge, the company was dormant and had lost title in 1908 to the property, it was claimed to be operating.

Cost Them Over a Million.

New York, March 27.—United States Attorney Wise late today announced that upon the deposit of $1,200,000 in cash by Duveen Brothers he would recommend that the government drop the civil action for $5,000,000 against the firm and release the seized art goods now held. This would also release from civil liability all purchasers of art goods from the firm.

As the firm made the proposition to settle for $1,200,000 the government officers expect they will in a few days deposit the cash as required by Mr. Wise.

This settlement of the civil suit now agreed upon will not in any way affect the criminal prosecution of Henry J. Duveen and Benjamin J. Duveen, who are yet under indictments charging customs frauds and whose cases are pending. Henry Duveen was released on $50,000 bail. Mr. Wise said he would proceed with their prosecution in the usual course.

Louis J. Duveen and Joseph Duveen also member of the art importing firm of Duveen Brothers, pleaded guilty today to charges of conspiracy to defraud the Federal government by making undervaluations of imports of art objects.

Judge Martin, of the United States Circuit Court, fined them $10,000 each, the maximum fine, which was paid.

A PLEA FOR ARBITRATION.

Sermons on This Subject From All Pulpits Next Sunday.

Philadelphia, March 27.—Dr. Wm. H. Roberts, stated clerk of the Presbyterian church, and chairman of the executive committee of the Federal Council of the Churches of Christ in America, today sent out a request that sermons be preached in all churches in the Federation next Sunday upon the subject of "Arbitration as a Substitute for War."

In his request Dr. Roberts says the churches of all England have forwarded a cablegram asking the churches of America to unite with them in the presentation next Sunday, from all the pulpits, of the subject of the arbitration treaty between England and the United States now pending.

"The ties between Great Britain and Ireland and the United States of America are such as to make this appeal both impressive and urgent," he adds.

The Federal Council of the Churches of Christ represents 33 denominations.

RECALLS FERRER EXECUTION.

Debate in Chamber of Deputies is Attracting Attention.

Madrid, March 27.—The debate on the trial of Prof. Ferrer, the founder of the modern school at Barcelona, who was executed in October, 1909, opened in the chamber of deputies today and attracted unusual attention. The proposal to discuss this trial was made by the republicans and accepted by the government many months ago. The republican press declares that the revival of the Ferrer case means the end politically of Senor Maura, who was premier at the time, and his colleagues.

Deputy Soriano opened the debate and asserted that none of the facts charged against Ferrer constituted the crime of rebellion, according to the military law. The government was advised to that effect, he said, by the local military authorities.

STORM STRUCK PHILADELPHIA

Wrought Havoc Throughout the City Yesterday—Police Station Demolished—Unknown Man Was Killed.

Philadelphia, March 27.—A severe electrical storm accompanied by a high wind, which at times blew with cyclonic force, swept over the Northern section of this city, shortly after 6 o'clock tonight leaving destruction and death in its wake.

The New York division of the Pennsylvania railroad was placed out of commission temporarily by the demolition of its tower at Holmesburg, and station at Tacony, cutting off all telegraphic communication. New York trains are being routed via the Trenton cut-off, which branch of the Pennsylvania company was not in the path of the high winds.

The police station at Tacony was demolished. The evening squad of policemen were preparing to leave for their beats when the roof of the building was blown off and every window broken by a sudden burst of wind. At the Tacony station of the Pennsylvania railroad an unidentified man was killed when a portion of the structure was blown away. Many houses in this section were unroofed or completely demolished.

In the manufacturing section of Kensington several factories were destroyed while numerous buildings lost their roofs and St. Michaels' church lost its cupalo, and much damage was done in the fashionable section of Germantown. Telegraph and telephone communication was also destroyed, but up to a late hour no lives had been reported lost in this section.

Result of Storm.

Pittsburg, March 27.—A wind storm throughout Northeastern Ohio, a portion of West Virginia and Western Pennsylvania late today caused at least one fatality, injured a number of persons and resulted in heavy financial loss. At Girard, Ohio, an unknown man was killed by falling wires.

Railroad Station Demolished.

New York, March 27.—Pennsylvania railroad officials here reported tonight that the storm which broke over Philadelphia had demolished the station at Tallytown, Pa., 64 miles from New York. The extent of the damage there could not be learned, but it was reported that a man had been killed and that freight cars had been lifted from the tracks. The railroad declined to accept passengers for Philadelphia on the express leaving here at 8:04 tonight. Through trains for the West, officials said, were being operated over cut-offs.

The tail end of the storm whisked upper Manhattan with spectacular electrical effects, and a downpour of hail.

Blizzard Over Washington.

Washington, Pa., March 27.—A blizzard swept Washington county today and tonight and the thermometer dropped 30 degrees in eight hours. Sixty oil derricks at McDonald were leveled causing a loss of $25,000. Oil operators announce that the wrecked structures will be replaced with steel ones. At Waynesboro tombstones were picked up by the wind and carried from a cemetery into a road a hundred feet away.

THE COX CASE AGAIN.

Arguments Feature Yesterday—Decision is Reserved.

Cincinnati, March 27.—Chief Justice Thomas A. Jones, of the Circuit Court, after listening to arguments on the charges of "bias and prejudice" against Judge Peter Swing and Samuel W. Smith, reserved a decision until tomorrow. Judges returned a mandamus against Judge Frank Gorman of the common pleas court last week preventing him from trying George B. Cox for perjury.

The arguments on the "bias and prejudice" charges which were filed by Judge Gorman, were enlivened by tilts between the attorneys for George B. Cox and prosecuting Attorney Henry T. Hunt. At one time the prosecutor called the court's attention to what he alleges was a "filibuster" on the part of Attorney Lawrence Maxwell to gain time for Cox. The allegation was promptly denied and the argument was allowed to continue.

Judges Festus Walters and E. D. Sayre, both members of the circuit court, sat with Judge Jones, but only in an advisory capacity.

ROBBED MESSENGER BOYS.

Masked Men Took Week's Pay Away From Twelve.

New York, March 27.—A trio of masked, armed men invaded the financial district this afternoon, lined eleven messenger boys against the wall in the dressing room in the Western Union Telegraph office in Wal street and took from them their week's wages. A clerk who rushed into learn the cause of the commotion was marched to the head of the line and searched too. The trio backed out after warning the boys that an outcry woud mean death. This was the last of three daylight hold-ups today. A widow was beaten and robbed on the street and a man robbed of his watch in a hallway.

The young men of Wilmington are at last awake. Watch the campaign for Councilman. Let everybody wake up and stand for the progress of Wilmington. **

FIXING OF BLAME FOR FIRE HORROR

Probers Discover Some of the Causes Responsible For the Disaster

PROSECUTION IS BEING URGED

Grim Scene Around Shirt Waist Factory Yesterday—Funeral Trains Move Throughout the Day. Number of Dead.

New York, March 27.—Fixing the blame for the loss of 142 lives in the Washington Square fire of Saturday drew to a focus today the energies of the district attorney's staff, the fire marshal, the coroner, the State Labor Department and borough president, McAneny, of Manhattan. Grand jurymen turned personal probers and an additional grand jury in a formal resolution presented to the Court of General Sessions, offered their aid to the district attorney and declared that some one should be prosecuted for the disaster.

What the probers found—evidence that doors at exits swung inward; the crumpled fire escape in the air shaft; the one fire escape blocked by iron shutters when opened; an empty water tank o the roof, and the practice prevalent among cutters of lighting cigarettes a few minutes before quitting time—all this, and what is yet to be ferreted out, will be placed speedily before the grand jury for action district Attorney Whitman announced.

Fire Marshal Beers summoned the proprietors of the Triangle Waist Company and several employes to testify at a public hearing. "So far as I can discover," he said, "there never has been a fire drill in this factory. In my opinion it would take 700 girls three hours to reach the street by the one fire escape in that building. Nine-tenths of the employes cannot speak English, yet I could not find a sign in Yiddish or Italian pointing out the fire exits."

The fire marshal said he was convinced that a cigarette, lit by a cutter and thrown in a heap of clippings had started the fire.

A relief fund for the sufferers is headed by a $5,000 donation from Andrew Carnegie. The United Hebrew Charities, the Austrian Hebrew Free Burial Association and other organizations came to the fore with aid.

Thirty-three bodies, most of them shorn of all semblance to human form, lie unidentified tonight at the charities pier morgue. Twelve persons, most of them girls in their 'teens, are fighting for life in hospitals. Half a hundred funeral trains trailed through the East Side and the Italian district near the factory today, and as many more are scheduled for tomorrow. The unidentified dead will be buried in a single grave, but will be held as long as possible to give relatives and friends an opportunity to claim them.

Final figures place the death list at 142, as announced last night. Of these 133 bodies were taken from the scene of the disaster and eight died in hospitals. The list will be swelled, surgeons say, by others who still living, have no chance to recover.

SPEED CARNIVAL IN FLORIDA.

Will Open at Atlantic Beach Today. Events.

Jacksonville, Fla., March 27.—Everything is in readiness for the opening of the automobile speed carnival on the Atlantic Beach, which was scheduled to start this morning, but postponed until tomorrow on account of unfavorable weather. Rain fell in torrents last night and this morning but the sky cleared this afternoon and reports from the beach tonight were that the course is now in excellent condition for racing.

There are 28 scheduled events with four extra events for the four days for a total cash prize of $3,000 and $7,000 in trophies and medals. The feature event of tomorrow's programme will be the world's record trials for one mile, open to all cars with a flying start for a cash prize of $1,000 for the fastest mile and a speed king crown providing the present world's record of 27.33 seconds, held by Barney Oldfield, is lowered.

MANN ISSUES WARNING.

Jamestown Jockey Club Must Not Violate Anti-Betting Law.

Richmond, Va., March 27.—Governor Mann today declared that the Virginia anti-betting law must not be violated at the Jamestown Jockey Club Spring meeting, which is scheduled to open April 3rd.

Norfolk, Va., March 27.—Regarding the statement from Governor Mann that he would not permit any violation of the State anti-betting law during the Spring meeting of the Jamestown Jockey Club, which opens April 5th, Manager Bob Levy, of the Jockey Club tonight said:

"The Spring meeting of the Jamestown Jockey Club will run its schedule from April 5th to 26th inclusive, as announced without violating any laws of Virginia."

Dallas, Texas, March 27.—The Detroit Colt team defeated Dallas today 2 to 0. Willett pitched the entire nine innings for Donovan's squad and was never in trouble. The same teams will play tomorrow.

DECIDE ON MORSE AND WALSH

No Executive Clemency for the Present—President Follows Recommendation of the Attorney General — Details.

Washington, March 27.—Executive clemency will not be extended at present to Charles W. Morse, the New York banker and John R. Walsh, the Chicago banker, who are serving fifteen years sentences, respectively, in federal prison, the former at Atlanta and the latter at Leavenworth.

The President has had before him for several weeks applications in both cases and it was learned today that he will follow the recommendations of Attorney General Wickersham. It is understood that Mr. Wickersham recommended that inasmuch that Walsh will be paroled under the new Federal law next September justice would be better served if executive clemency were not extended to him. In case of Morse, it is understood the Attorney General was averse to any relief, but recommended that if there was to be a commutation it should be such as to make the sentences expire in five years. In that event Morse would be released after serving three years and eight months, which includes the usual allowance for good behavior. Morse began serving his sentence in January, 1910, and Walsh two months later.

An official statement was issued at the Department of Justice today declaring that reports that Morse is in a critical condition are without foundation.

SEIZED BY SENECA.

Schooner Yacht Loyal Taken in Charge by Revenue Officers.

New York, March 27.—The seventy-foot schooner-yacht Loyal, as trim a boat as is to be seen in New York harbor, lies a prisoner today long side the destroyer Seneca, off the Tompkinsville warship station. She was seized by Captain Carmine of the revenue cutter service on orders from the Treasury Department in Washington as she was stealing past Sandy Hook just before daylight. All night the Seneca had cruised about the Hook with her searching playing on all sailing craft. Her search was finally rewarded when the spot light revealed the white canvass of Loyal drifting out with all sail set. The Loyal was taken in tow with a revenue officer on board.

According to unofficial information the Loyal was seized because of the representations of the Haytien minister to the United States, who said that he understood arms and ammunition were being put on board the boat which was to clear for Hayti.

The boarding crew from the Seneca found five men on board, Captain Carmine would not say whether he found any contraband, but he declared that a full investigation would be made within the next 24 hours.

PINEHURST GOLF EVENTS.

Remarkable Fast Card Won the Championship Gold Medal.

Pinehurst, N. C., March 27.—A remarkably fast card of 141, won the championship gold medal for Gilbert Nicholls, a professional, in today's 36 hole round of the open event of the final United North and South Golf championship. Donald Ross, professional, was second in 148, and his brother Alexander, third, in 151.

Walter J. Travis, former British and American champion, William C. Fownes, Jr., National amateur champion, and Charles Evans, Jr., of Chicago, Western open champion, was first, second and third among the amateurs with scores of 155, 149 and 162.

Raleigh, N. C., March 27.—The big illuminated dial showing the Y. M. C. A. building fund in connection with the whirlwind campaign for $65,000, swung past the $30,000 mark tonight, the solicitors reporting the subscriptions aggregate $30,085.

Atlanta, Ga., March 27.—The New York Americans won in a hard fought game with the Atlanta Southern leaoguers here today 10 to 8.

CABINET OF DIAZ NOW MADE KNOWN

Official Announcement in Mexico Brought no Surprises Yesterday

MADEROS NOT AFTER OFFICE

Clinan Made Ambassador to United States to Succeed LaBarra—Situation in the Republic—Reforms Next Move.

Mexico City, March 27.—Co-incident with the official announcement of a new Diaz cabinet today came that of the appointment of Manuel DeZacamacona Clinan, as ambassador to the United States, succeeding Minister LeBarra named secretary of foreign affairs..

At the same time the resignation of Miguel Macedo, the sub-secretary of the Department of the Interior, became known.

In the cabinet as announced today the office of Secretary of the Interior was left vacant.

Speculation as to its incumbent still favored Teodoro Dehesa, governor of Vera Cruz and candidate for vice president of the last election. General Cosio retains the portfolio of the Department of War. The cabinet as at present constituted follows:

Foreign Relations, Francisco Leon DeLaBarra; Interior—Pending; Justice—Demetrio Sodi; Public Instruction—Jorge Vera Estabol; Fomento—Manuel Marroquin Y. Rivera; Communications and Public Works—Norbeto Dominguez; Finance—Jose Yves Limantour, Incumbent; War and Marine—General Manuel Gonzales Cosio, incumbent.

Salvado Alxerez, sub-treasury of the Department of Foreign Relations and for the time being the ranking cabinet officer, will administer the oath of office to the new ministers tomorrow in the hall of ambassadors in the Palace.

Mr. Zacamacona Incan is the government's financial agent in London, where he has been stationed for the last two years.

St. Louis, Mo., March 27.—Francisco Leon De LaBarra, newly chosen minister of foreign affairs of Mexico, on his arrival here at 5:25 today, decided to pause in his journey to Mexico City until 8:30 o'clock tomorrow night.

Of the plans for effecting peace in Mexico, which he has intimated he will have ready for submission to President Diaz and the new cabinet, Senor De LaBarra would say nothing.

Diaz to Resign Rumored.

San Antonio, Texas, March 27.—A rumor was received tonight to the effect that Porfirio Diaz had resigned as President of Mexico. The rumor was traced to very doubtful sources and then lost. No one conversant with conditions in Mexico, and in particular with the characteristic of the "Iron Man of Mexico" placed the faintest credence in the rumor.

Meantime the remanant of the San Antonio war cloud remains. It consists of the fact that the railroads are in hourly readiness to take troops south. This adds a dab of gray to the cloud, but the army is almost resigned to the fate of mere maneuvres.

Hold Americans Responsible.

Hermosillo, Mexico, March 27.—News has reached here that a band of American filibusters, not affiliated with Federals of revolutionists, entered northern Sonora at Siraca, captured a young Mexican and shot him. All American residents of this city are signed in petition, address to Governor Torres denouncing the act and offering their services to arrest this band.

When the revolutionary force which held LaColorado, 40 miles from here, heard of the approach of the Federal troops they marched ut to meet them, leaving a guard of 50 men in the town.

The Federals approached the town from another way and were met by the guard about half of whom were Pima Indians. At the first fire from the guard 15 Federals fell dead. The guard finally retreated, leaving seven dead and having killed 22 Federals.

Fifteen wounded soldiers came into the hospital here from LaColorado, where two died yesterday. No one is allowed to leave this city, other than by railroad without a pass. Business is almost at a standstill.

Not Office But Principles.

New Orleans, March 27.—That no member of the Madero family would participate as a candidate for office in the election which they expect will follow the termination of the revolution in Mexico, was the substance of a statement made by Francisco Madero, father of the rebel chieftain, who passed through this city today en route to San Antonio with his son, Gustavo Madero.

"We are working for peace now, and will try to conciliate the warring factions," continued Madero. "It isn't so much an election, but a change of policy we will fight for to the end. We are fighting for principles and not for political rewards."

Gen. Berthold Was Shot.

Mexicali, Mexico, March 27.—Gen. Simon Berthold, the American socialist leader of the rebels in lower California, was shot in the leg and one rebel was killed in a skirmish with Mexican Federals at Alamo pass, 75 miles south of Mexicali, according to a courier from Berthold to Gen. Leyva here. Barthold claims he killed four Federals.

SHELDON IS FINALLY CAUGHT

Charges of Embezzlement Against Him in Canada Involve Nearly Two Millions—Captured After Exciting Chase.

Pittsburg, March 28.—Charles D. Sheldon, alias Charles D. Washburn, of Montreal, Canada, who is wanted in that city on charges of embezzlement said to involve nearly $2,000,000 was arrested in the local financial district today by a private detective from the East. Sheldon, who was also known here as C. W. Ross, admitted that he was a fugitive from Canada. Information by the local authorities charges him with embezzlement and receiving money by false pretenses in the sum of $500,000.

When the detective approached Sheldon he made a sensational attempt to escape and was captured only after an exciting chase. When brought to the central police station, Sheldon asked permission to use the telephone. He called up a local stock broker and gave orders to close out his deals on the local stock exchange.

Sheldon, according to the police tonight, disappeared from Montreal last October. His get-rich-quick operations here are said to have excited the suspicion of the authorities. Sheldon maintained that he was doing a legitimate business and offered to submit his books to the crown attorney for complete investigation. On October 13th he suddenly disappeared before the officials had an opportunity to investigate further.

Sheldon came direct to this city. Apparently he spent all his time about the local market, but maintained no office nor has it been learned where he made his home while here. The prisoner is of distinguished appearance. He is 58 years old, five feet, nine inches tall and weighs 200 pounds.

COCA-COLA HEARING.

No Harm in the Caffeine It Contains, Says Experts.

Chattanooga, Tenn., March 27.—The hearing of evidence for the defense in the coca-cola case was resumed in the Federal court today and Dr. R. A. Witthaus, of New York, testified that he had never heard of a death resulting from the use of caffeine. Effects of caffeine, which is found in coca-cola when administered to animals would not furnish a conclusive result as to its effects on man, he said. Caffeine was not, he declared, a habit-forming drug.

He admitted authorship of a book on toxicology containing a table reporting 13 cases of caffeine poison in nine years, but explained that this was a quotation from Cobert, a German scientist.

Dr. H. C. Wood, Jr., of Philadelphia, made a series of experiments on frogs to ascertain the effects of caffeine on the muscles. He came to the conclusion, he said, that caffeine caused an increase of the action without increasing the amount of energy consumed. The cross-examination developed nothing new.

Dr. Harry O. Hollingsworth, professor of psychoogy in the University of Chicago, testified that he had made experiments to determine the effects of caffeine and coca-cola syrup on the mind. Ten men and six women were used, one squad being given caffeine in various forms, while the other squad was given sugar in milk. He saw no depressing effects from the caffeine. There was no reaction below normal, indicating according to the witness' opinion, that no reverse energy was consumed by the caffeine. His cross-examination brought forth nothing material.

Dr. J. A. Wesener, of Chicago, was recalled and his cross-examination finished. As to the 213 cases of tea poisoning reported by Bullard, the witness gave it as his opinion that those cases were in the main poisoned from tannin other than caffeine.

Dr. Charles S. Chandler, professor of chemistry, Columbia University, New York, stated positively that caffeine was not poison. He had analyzed coca-cola and found it to contain one and one-fourth grains of caffeine to each ounce of syrup. He declared it was not harmful and would not injure health.

COMPLAINT AT CHADBOURN.

Shippers Want Change in Location of A. C. L. Freight Depot.

(Special Star Telegram.)

Raleigh, N. C., March 27.—Corporation Commissioner H. C. Brown and Stenographer Griffith have gone to Chadbourn, Columbus county, to hold a hearing and an investigation of the contest that is on there between the citizens and the Atlantic Coast Line regarding a demand by citizens that the location of the freight depot be changed. A more convenient and accessible location is demanded. The case has been pending for some time.

UNABLE TO BREAK ALBANY DEADLOCK

Democratic Caucus Held Last Night Failed to Select a Candidate

TANGLE OVER SENATORSHIP

Ninety of 116 Members of Legislature Answered Roll-Call—Second Failure to Reach Conclusion in Long Contest.

Albany, N. Y., March 27.—The second Democratic legislative caucus failed tonight to select a candidate for United States senator and was called to re-convene tomorrow night. Twenty-five candidates were voted for, William F. Sheehan leading with a vote of 28—less than a third of those taking part. Those received the next highest votes were Augustus VanWyck 7; Isadore Straus 5; John J. Fitzgerald 6, and Daniel J. Cohalan 4.

Governor Dix received one ballot. Ninety of the 116 Democratic members of the Legislature answered the roll-call. Several members who have figured as strong advocates of Mr. Sheehan's candidacy acknowledged in declaring their votes that his election has ceased to be a possibility and that the re-convening of the caucus released them from whatever pledges might have been incurred by attendance upon the first caucus. This was the general impression among the Sheehan advocates, who expressed the opinion that the re-convening of the caucus tomorrow night would mark the beginning of the end of the most protracted senatorial contest, which this State has ever known.

Several of the members tonight scored the insurgents for their failure to attend the caucus. The general opinion in both the Democratic camps was that a Democratic senator would be elected in time to take his seat when the extraordinary session of Congress convenes a week from tomorrow.

BANKERS FOR ALDRICH PLAN.

Currency Committee Held Meeting in Washington Yesterday.

Washington, March 27.—The Currency Committee of the American Bankers' Association, an organization representing 12,000 of the 22,000 banks of this country, unanimously approved the Aldrich plan of monetary economy today. Former Senator Aldrich had invited the currency committee to confer with the National Monetary Commission tomorrow, but the bankers held a preliminary meeting today to determine their course. They will offer some slight modifications in the technical detail of the Aldrich plan tomorrow, but they approve of the principal features and will suggest the adoption of the Aldrich scheme by the National Monetary Commission. Some of the bankers admitted that an important question yet to be settled was the method by which State banks could share the advantages offered National banks under the Aldrich plan.

Representative Vreeland, of New York, vice chairman of the National Monetary Commission, is in favor of including State banks in the plans for monetary reform and, representatives from districts which State banks are conspicuous are expected to urge the passage of a bill broad enough to include the State banks.

RULES COMMITTEE MEETS.

Will be in Session Until Congress Convenes in April.

Washington, March 27.—Democratic members of the new committee on rules of the House of Representatives headed by Representative Henry, of Texas, the chairman, met today and will be in session daily until Congress convenes, April 4th. The committee will endeavor to formulate its report in time for consideration at the Democratic caucus next Saturday and in order to accomplish this night sessions may be necessary.

It is probable that the committee will recommend an entire new set of rules, though it will be guided largely by the rules of the last Democratic House in the 53rd Congress. Charles R. Crisp, the new House parliamentarian, whose father was the Speaker of the last Democratic House, is sitting with the committee in its deliberations.

The matter of minority representation, it was declared today, would be for the Democratic caucus to determine. The opinion prevails, however, among Democratic leaders, that control of minority selections on committees should be held by the minority party, the majority determining only the numerical allotment on the various committees.

Richmond, Va., March 27.—As the result of a meeting this evening of the vestry of St. Paul's Episcopal church, this city, it is understood that a call to the vacant rectorship of the historic church will probably be extended to the Rev. W. Russell Bowie, now serving as rector of a church at Greenwood, Va.

GREAT, GRIM DESTROYER

An Address Before National W. C. T. U. Convention in Baltimore—Evil of Saloon In War and In Peace.

(Hon. Richmond P. Hobson.)

It is high time that we pledge ourselves, the best that is in us, to destroy this destroyer that is striking at the standard of our citizenship and the character of our people, that would actually blast our chances not only of taking liberty but of carrying the gospel to the world. When we strike at character and lower its standard, we are blocking the way for the gospel and the Christian religion. If the nations remain on a low level, they will fight and destroy each other, until the end of time. The very prospect of peace in this world and ultimately of brotherhood and the spread of the gospel is at stake. I believe that America's glorious destiny has even a greater sweep than that of carrying liberty itself. In order that there may be a maximum of development for the human race, it is not only necessary that there should be equality of opportunity between individuals but it is further necessary that those individuals should co-operate, and they can only properly co-operate when they have reached that development of character where they possess justice, charity and the principles of the golden rule, and I believe that America's responsibility in this matter extends to the whole world. I will not develop this phase of the question, but I would remind you that America is really the great Christian nation of the world. To illustrate: In the Spanish War, President McKinley commissioned Fitz-Hugh Lee to take command of the Seventh Corps, made up of regiments from all over the country. In the Fall of 1898, it was assigned the duty of leading the assault on Havana. The soldiers were encamped all about Havana, on seven hills. They had a hymn, the favorite hymn of Fitz-Hugh Lee, because it had been the favorite of his uncle, Robert Lee. On Christmas at twelve o'clock at night, when the clock sounded and the sentinel passed the word, "Twelve o'clock and all is well," there was a little group of soldiers lingering outside of the headquarters tent. They began to hum this hymn and then to sing it in full voice, and soon the regiment band began to play it, and the soldiers on the different hills took it up, one after another, until, from all the hills, were heard the words of that old hymn, "How Firm a Foundation Ye Saints of the Lord."

The Nation's Life at Stake.

It is the first duty of any State to protect the lives of its people. I cannot be true to my facts without regarding the saloon institution as a wholesome assassin. The State not only has the right but it is its bounden duty to protect the lives of its citizens. This is not only a question of the life of the individual citizen, but it is actually a question of the nation's life itself and the first law of nature—the law of self-preservation—gives the State and the Federal government not only the right, but the bounden duty to strive as fast as possible to put an end to this deadly traffic.

You flood the land with degenerates, and do you think we can continue to occupy it? There are nations—some people call them backward—but they stand ready to give the blow which will overthrow a degenerate nation. Just across the Pacific Ocean there are 800,000,000 yellow men. They all want America, it is like a priceless land to them. You say they are degenerates; you never were more mistaken in your life. The average yellow man does not eat half as much as the American. You despise the yellow men, as the Romans despised the barbarians, but the yellow men can shoot just as well as the white men, and can live on half as much. If our people sit still and fold their hands, this land will be covered with degenerates, and your great grandchildren will hear the sound of the hoofs of the yellow men's horses. Suppose America does fall and your great-grandchildren want to go out and found a new nation. Here in America we are making the last stand of the human race. If America cannot conquer this evil, no other nation can. If America falls, the human race must go downward, until the Almighty at last wipes out the whole creation.

The Virdict of Society.

You recognize now what is at stake. What is your verdict? I have given you the cold, hard facts. No statements that I have made can be successfully challenged, nor is there any attempt to challenge them; they are vital truths. I ask you, what is your verdict? I will pronounce it. We reached a conclusion as to the individual, that the only reasonable life in this world is a life of total abstinence. We now register the verdict of society and the State, namely, that this great destroyer itself must be destroyed.

Now shall we proceed to destroy it. We have diagnosed this desease, I believe, correctly. It has been running for 3,000 years. It has the grip of the generations not only on the families of the rich, the leaders, the governments of all the world, but the very governments themselves are its allies and get the bulk of their revenues therefrom. Furthermore, it is estimated that over eighty per cent. of all the people of the United States and ninety-five per cent. of the people of other white nations are under its sway. It is the most organic, the deepest-seated disease known to the body politic or the body social. Therefore, it is very easy to prescribe the remedy. The remedy must be organic treatment.

Follow the Laws of War.

We are fighting an enemy that has been conquering for three thousand years and he employs all the great laws of war. We must follow these laws. The first law is: Mak eyour preparation. The next law is: You must be prepared so that you can wield all your forces. That means you must drill them as an army; you must be organized to the last unit. The liquor element fooled some of the farmers down in Alabama, but not the farmers' wives, and from that day I have been a strong advocate of woman's suffrage. I believe that we should gain woman's suffrage and be able to marshal into the ballot box, the women who cannot be deceived.

When we finally declare war and when we are upon the battle line, we must follow the eternal laws of strategy, and here is the fundamental law: Whenever a great battle is to be fought, whenever a great State is to decide whether it is to have prohibition in its constitution, turn the whole power of your army on that battle field. Down in Alabama we had to fight all the liquor forces of the nation, and almost of the world, but we were left practically alone on our side, except for the W. C. T. U.

A Note of Warning.

Now I want to sound a note of warning. Last Tuesday (November 8) ought to have taught us a few lessons. I believe the greatest battle in the history of temperance is to come off before long. The enemy is emboldened and, as surely as you live, he is going to strike at the citadel of prohibition, where there has been real organic prohibition. He is going to bring on a fight to wrest the State of Maine from our ranks. It will be, as I intimated, the great battle of this century; it may be of all centuries. We have had organic prohibition in Maine for over half a century, and we must prepare for the attack upon that State. I am here to sound a warning. The entire temperance prohibition forces of America and the whole world ought to begin to gather, and not lose a day in preparing for the great battle that is to come in Maine.

You are engeged in a terrible war, but you may well go away tonight with a song in your hearts, because it is written in the book of fate that the universe is not to be blighted. While all other life is able to go on in its development, it is not destined that the human family, created in the image of the Maker, should be slougned off.

It is written in the book of fate that this great destroyer—the liquor traffic—shall be destroyed. But the Almighty is not coming down to do the work Himself. He has placed this work in our hands. Therefore, I say to you, although you may have defeats, build up strength upon defeat! do not let depression and defeat discourage you, but realize that in our mighty effort to destroy this mighty destroyer, we are in line with the great forces of the universe.

DAVID'S

YOU may feel inclined to have a very early look at the new Spring styles in clothes, even if you are not ready to buy any; it pays a man to take enough interest in what he wears to know what other men are going to wear.

Hart Schaffner & Marx

new Spring styles are here, and ready to show to any man who wants to look at them. One thing you'll be impressed with when you look at them; and that is, the thorough way in which we have prepared to supply every need of every man in this community, in the matter of clothes; not only a great variety of attractive fabrics, colors, patterns, weaves; but all the new style creations by these greatest of all clothes makers; and plenty of them.

We'd like to have you know why we make so much of a feature of Hart Schaffner & Marx clothes. It is partly because of what we know you know about them. They're not the only clothes that are made of all-wool fabrics; but they're the only clothes you're sure of. They're not the only clothes that have style, and good tailoring, but you know they have these, and you don't know of any other clothes that you're quite so sure of.

The point is, that the name of Hart Schaffner & Marx touches a responsive note in the minds of so many men, a note that we want to sound, that we twang that string a good deal.

There's more reason than ever for making that kind of a noise about our store; for the clothes are fine; and you'll say it when you see them.

HAS APPENDICITIS.

City Editor Louis T. Moore, of Dispatch, Stricken Sunday.

Many friends of Mr. Louis T. Moore, city editor of the Evening Dispatch, will regret exceedingly to know that on Sunday he suffered an attack of appendicitis for which he went last night to the James Walker Memorial Hospital for an operation today by Drs. Burbank and R. H. Bellamy. His hosts of friends in Wilmington and elsewhere throughout the State sincerely hope that the operation will be successful and that he will be early restored to his accustomed good health. Mr. Moore first noticed the symptoms of the disease on Saturday morning, but paid little attention to it, thinking it was merely an attack of indigestion. Sunday, however, there came no relief and a physician was called in and the case diagnosed as appendicitis.

THEIR INFANT DEAD.

Mr. and Mrs. Clarence W. Mills Sorely Bereaved in Death.

Friends of Mr. and Mrs. Clarence W. Mills will tenderly sympathize with them in the death of their little daughter, Elizabeth McLaurin Mills, aged one year and eight months, which occurred at 12:30 o'clock this morning at the family home, No. 105 North Sixth street, after a brief illness with bronchial pneumonia. It was the only child of tenderly devoted parents and their grief is inexpressible. Mrs. McLaurin, wife of former U. S. Senator John L. McLaurin, of Bennettsville, S. C., mother of Mrs. Mills, was with her when the sad death occurred. The funeral arrangements will be made later.

BODY OF YOUNG MAN FOUND

Disappeared from Home in Union County Last of January, Remains Found in Mill Pond Yesterday—Suicide.

(Special Star Telegram.)

Monroe, N. C., March 27.—The body of Walter Byrum, a white man, 25 years old, son of E. J. Byrum, a prominent farmer of Vance township, Union county, was found this morning in a badly decayed condition in the waters of Stewart's mill pond.

Some small boys fishing discovered the body clad in Sunday clothes in shallow water, face down. There were heavy rains the last few days.

Byrum disappeared from his home the afternoon of January 22nd. His family went to church leaving Walter to follow them. That was the last seen of him alive. When noticed missing it was supposed that he had left home as he had a brother in Chicago whom he had talked of visiting. The tragedy is supposed to be suicide. There were no signs of foul play and it was impossible for the drowning to have been accidental as the water of the mill pond is shallow around the edges. The mother of the dead man says she cannot understand why he should have committed suicide as he was in good spirits. Walter Byrum is unmarried. He leaves a father and mother and several brothers and sisters. Up to this morning the parents had been expecting to receive a letter from him.

MRS. W. A. ROBESON DEAD.

Passed Away in Fayetteville Yesterday Following Attack Paralysis.

Fayetteville, N. C., March 27.—Mrs. Sallie Fuller Robeson, wife of Capt. W. A. Robeson, who suffered a stroke of paralysis Saturday afternoon, while apparently well, died today at noon. Mrs. Robeson is survived by her husband, three daughters and three sons.

The Observer this afternoon says: "Mr. William McK. Robeson, the eldest son, accompanied by his wife, reached Fayetteville from Atlanta a few minutes after his mother expired.

"The death of Mrs. Robeson will cause great sorrow to everyone who knew her. She was universally beloved by those who knew her well, and highly esteemed by all our people.

"She is survived by her husband, Capt. W. A. Robeson, and the following children: William McK., Mary Fuller, Eliza Hall, James, Sallie and Iver Robeson."

GAME AT CHAPEL HILL.

Carolina Second Team Defeats Atlantic Christian College.

(Special Star Telegram.)

Chapel Hill, N. C., March 27.—In a slow game lasting nearly two hours and a half, Atlantic Christian College was defeated by Carolina's second team by the close score of 5 to 4. The visitors seemed to have the better of the contest, scoring four runs to two, till in the sixth inning the Scrubs brought in two runs followed by one in the seventh. Winston and Sloan were on the mound for Carolina, Swink receiving well. Bland and Moore were batteries for the Christians.

Durham, N. C., March 26.—Rev. Dr. J. W. Lynch today announced his acceptance of a call to the pastorate of the First Baptist church at Athens, Ga., to begin September 1st, after a tour of Europe. His resignation here takes effect April 30th.

MAKE LIFE WORTH LIVING.

Says Elder Cunningham.

When pure, healthy blood courses through every vein and artery of the body, the organs are in a healthy condition, and a strenuous active life is a pleasure to a man or woman.

But if the blood is impure and sluggish, the appetite poor, digestion weak and vitality not up to the standard, life is a burden; then you need Vinol, our delicious cod liver and iron tonic, without oil. Such evidence as comes from Henry Cunningham, elder of the Baptist Church, Kinston, N. C., should be convincing. He says, "I was run-down and weak from general debility, and suffered from vertigo, I took Vinol with the most gratifying results. I gained in health and strength and now feel unusually well."

Elder Cunningham's recovery was due to the combined action of the medicinal elements of cods' livers, aided by the blood making and strength creating properties of tonic iron contained in Vinol.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Robt. R. Bellamy, Druggist, Wilmington, N. C.

AN OLD TIME DARKEY.

Jim Hall, Quaint Pender Character, Died Near Rocky Point.

(Special Star Correspondence.)

Rocky Point, N. C., March 25.—Jim Hall, colored, died suddenly yesterday while loading a cart with straw. Coroner Peden deemed an inquest unnecessary from surrounding circumstances. "Uncle Jim", as he was familiarly called, was raised in Limestone, Duplin county, and was a slave of officer Hall, of the Wilmington police force. Jim had many good traits—he worked each day, all day, except Sunday, and had a mighty hankering to take his hoe on that day to go out and kill some grass. His services were in demand as a hog killer, pork salter and fisherman all over the township. He could do and did more hard labor than any negro known here, was black, and always called himself a "nigger" without the accent on the "knee," as the modern way. By dint of hard labor and turift he had accumulated a comfortable home.

"Then lay down the shovel—lay down the hoe,
For he has gone where the good darkeys go."

His father was better known as Jim "Brandy" Hall, from his extreme fondness for that beverage. He could perform more wonderful stunts while under the water than any other known darkey, was a good fisherman, carried a sack, dived down in Limestone creek and Northeast river, fished around sunken logs, and upon coming to the surface would bring one fish in each hand and one in his mouth. On one occasion while carrying a flat load of merchandise for his master, the late Nicholas Hall, the float turned turtle. Jim turned with it, and remained down there till he got out his master's keg of "French brandy." Finally Jim Brandy grew so "bum" that his master took him to Richmond, Va., where he was sold to a speculator, but when Mr. Hall reached home on his return, who was there to take out his old master's horse but old Jim Brandy? Truth is stranger than fiction, sometimes.

FOUR BURNED TO DEATH.

Wife and Three Children of Evangelist, Whose Father Lives at Bath.

(Special Star Telegram.)

Washington, N. C., March 27.—Rev. J. B. Bridgers, pastor of the Methodist Church of Bath, N. C., received a telegram this morning from his son, Rev. L. B. Bridgers, a traveling evangelist, stating that his wife and three children had been burned to death last night at Middleboro, Ky.

The wire gave no particulars in regard to the death. Rev. Mr. Bridgers, husband and father of those burned, is expected in Bath some time this week.

Miss Bridgers, a sister of the bereaved husband, lives in Portsmouth, Va., and has gone to Middleboro to attend the funeral.

Cornelius Lucas, 18 years old, son of Jas. Lucas, colored, drayman, suddenly lost his reason and became insane last night. He and his father were attending church and during the service Cornelius lost his mind and became very boisterous and unruly, for some time interrupting the service and had to be taken out by main force. Arriving at his home he proceeded to break the windows and demolish the property and had to be taken to the city jail and locked up by the police. Lucas was a quiet and well behaved negro and in the employ of Mr. W. H. Baker. Efforts will be made to get him in the colored asylum at Goldsboro.

Harrodsburg, Ky., March 27.—When fire destroyed the home of J. T. Veach, four miles from here, early today, Mrs. J. M. Bridgers and her three children burned to death. The parents of Mrs. Bridgers, Mr. and Mrs. Veach, and their three children, escaped with slight burns. Mrs. Bridgers was the wife of an evangelist of Bath, N. C., and was visiting her parents.

"IN A BAD WAY"

Many a Wilmington Reader Will Feel Grateful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills can help you.
Here is local evidence to prove it:

Mrs. M. E. Bordeaux, 510 S. Second St., Wilmington, N. C., says: "I willingly verify my former endorsement of Doan's Kidney Pills. During the past two and a half years I have used this remedy occasionally and it has always brought the very best of results." (Statement given on December 27, 1910.)

The endorsement referred to by Mrs. Bordeaux was in substance as follows: "I suffered from dull pains in the small of my back and some days I could hardly get about to attend to my housework. I had a kidney weakness that caused me great annoyance and I know that a kidney medicine was needed. When I read about Doan's Kidney Pills, I at once got a supply at Bellamy's drug store and they restored me to good health. Another member of my family has also taken Doan's Kidney Pills with benefit."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

S.S.S. THE BEST SPRING TONIC

Spring is the season when the blood is weakest, and our systems least responsive to the demands of nature. It is the time of fickle appetites, poor digestion, lack of energy, bodily fatigue, and many other systemic disturbances which warn us that we need a tonic. A great many so called tonics are mere nerve stimulants, often producing exhilarating effects, but acting with decided injury on the system later. If your system is weak and depleted you can only tone it up by supplying an increased amount of nourishment, and this can come only through pure, rich blood. S. S. S. is the greatest of all blood purifiers; and it is the one medicine you can rely upon to supply the system with the best tonic effects and at the same time thoroughly purify the blood. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of debilitating sickness. S. S. S. is nature's ideal tonic; made entirely of healthful roots, herbs and barks. It tones up the stomach and digestion, aids and improves the appetite, and in every way contributes to strong, robust health. S. S. S. is for sale at drug stores.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, March 28, 1911.

OUR COMMISSION FORM.

The Charlotte News, in an interesting article on the commission form of government, discusses the various views of it, including one taken of it as an "uu-Democratic step." The fact is the commission form is not un-Democratic, but represents popular government in a different form, with the power of the people committed to fewer representatives than under the old system. For instance, Wilmington's council will be composed of five councilmen instead of ten aldermen, and each councilman will have certain executive duties to perform, while all five will legislate for the city. They not only represent the people but are in close touch with them, being subjected to recall if they do not give satisfaction. The fact is, the people have more power under the commission form, for they are in immediate supervision of their government and can call it down or compel it to act under the initiative, the referendum and the recall. The News says:

"Wilmington has adopted the new form, and Raleigh has rejected it. The News for one is very much interested in the experiment, and stands ready to support it if it is proven the best system. That has scarcely been done as yet, and it is useless for us to attempt to delude ourselves into expecting the removal of all agencies, such as "machines," which constantly menace the proper settling of political matters. The old democratic plan of election by the people of their representatives has been tstd ande found good. It has failed only in cases where the men in office were unfit, and the same will be true of the commission form, or any other system of government. It is high time, however, to take more interest in choosing to position men on their merit, men who are best equipped to manage municipal affairs, and when this is done the results will be the same, no matter what the system of government may be. After all Pope was right:

"For forms of government let fools contest,
"What'ere is administreed best is best.'

Pope sizes it up right. The commission form has advantages over the old form, but, after all, the success of any form of government depends entirely upon the character and the ability of the men chosen to administer it. Wilmington citizens should remember that when they vote, but if they make a mistake tney will have the remedy of the "recall." Under the old plan they had no remedy except to grin and bear it.

Be sure to "keep your shirt on" when the Senatorial campaign starts up. None of the candidates will give you a new shirt.

It looks like a $65,000 Y. M. C. A. building for Raleigh. The News and Observer of Sunday says the subscriptions so far foot up $25,337.50. That is a good start.

The Atlanta Journal wants "Atlanta to go after the next National Democratic convention." Any man who gets the nomination in Atlanta would be sure to get Atlanta's vote.

Talking about civic improvement, why don't we make Wilmington's water front more attractive? A lot of shacks ought to be removed and the paint brush might be used to good advantage.

One hundred thousand Americans emigrated to Canada in ten months. Canada did some boosting of a practical kind and had definite propositions to offer to newcomers. North Carolina can get settlers by that plan. Capital was invested to get people to go to Canada, and the investment paid. The same kind of an investment in North Carolina would pay.

MAKE INDUSTRIES PROSPEROUS.

Says the Atlanta Journal: "Nowhere is the loyalty to home interests stronger than among Atlantians. Nothing touches the local pride of the citizens more than to use products made in Atlanta." The reason for the progress and prosperity of Atlanta is thus made plain by what the Journal says. That spirit has made Atlanta, but it is nothing new to the business men and people of that city. To our own knowledge that was Atlanta's policy 25 years ago and probably it dates further back than that.

Atlanta merchants prefer goods manufactured in Atlanta and Atlanta people prefer to buy Atlanta made goods. A manufacturer who opens an establishment in Atlanta is just as sure to be patronized as the sun will rise, for Atlanta's business men will give him their orders and push his goods. Whenever Atlanta makes anything, every Atlanta man is a booster for it. The traveling men put their customers onto it, and they scatter broadcast information about everything made in Atlanta. They put people on to what Atlanta manufactures.

Wilmington merchants and Wilmington people can do the same thing if they will. Quite a number of articles are manufactured in Wilmington and they ought to be purchased by home people. There is no use to name any of the articles, for when they buy anything made in Wilmington it contributes to the success of our industries, and it doesn't compel manufacturers to go out and hunt up trade. We have in mind a door, sash and blind factory, which has advertised in the Star's "business locals," at different times, reminding Wilmingtonians to remember that the factory is in business. Every door, every sash and every blind for new houses in Wilmington ought to be manufactured here. The doors, sash and blinds made in Wilmington are better than those which are brought here from other cities, and not only should our home builders insist on Wilmington building material, but our jobbers ought to give the preference to Wilmington made goods of every description and scatter them broadcast instead of handling some other lines.

Patronizing home industries builds them up and when Wilmington has a number of prosperous industries it will make a thrifty city. It will help every line of business and for that reason no merchant should handle any line of goods unless he gives a preference to the home product. When we practice the Atlanta plan, Wilmington will grow like Atlanta.

WESTBROOK'S HOG POTATO.

The Star recently mentioned the discovery of a new food for hogs, made by Mr. G. W. Westbrook on his farm on Wrightsville Sound, near Wilmington. Mr. Westbrook found a tuberous plant—growing wild on his place and noticed that his hogs were very fond of it, so he investigated and found that the plant was something after the nature of a potato, some of the bulbs being as large as a hen's egg and varying in size from a chufa to the larger size. He brought a paper bag full to the Star, and our specimens are now sprouting after having been thrown on a shelf. This shows that they could be easily propagated, and, as a matter of fact, Mr. Westbrook has been experimentaing with his "hog potato" two or three seasons with the very best of success. However, the beauty about the hog potato is that it grows luxuriantly in damp places without any attention. The hog potato spread all over Mr. Westbrook's pacture and by keeping his hogs out of the pasture till Winter he was able to turn them in and fatten them almost exclusively on his new hog food. He says it makes the finest meat he ever ate and because of its hardy growth and productiveness he believes it possesses great possibilities as stock food. Speaking of Mr. Westbrook's discovery the Raleigh News and Observer says

"The world's honor and praise are said to be due to the man who causes two blades of grass grow where one formerly grew. If that is true, how much more honor is due to the man who discovers a new hog food, since hog and hominy are the hope of the country? Mr. Westbrook, who is a member of the famous Westbrook family who were pioneers in strawberry culture in eastern North Carolina, discovered this new food by noticing his hogs rooting around for something in the ground; he investigated and saw an herb with small roots to it, of which the hogs were wildly fond. This was some years ago, since which time he has been propagating the food and finds it not only good but exceedingly cheap. He has been fattening his hogs on it and says the meat is better and finer than when the hogs are fed on other things."

Mr. Westbrook is enthusiastic over the hog potato and the agricultural editor of the Star is satisfied that it is a splendid product for the farm. We believe there is great value in it, and when a farmer of Mr. Westbrook's intelligence and experience vouches for it we are convinced of it. When the hog potato is dry its skin very much resembles that of the chufa.

The dean of a woman's college in New England proudly boasts that the college swimming tank "has a capacity of 20,000 gals." Wouldn't it be a sight to see 20,000 gals in swimming at one time?

ROYAL
BAKING
POWDER
Absolutely Pure

The official Government tests show Royal Baking Powder to be an absolutely pure and healthful grape cream of tartar baking powder, and care should be taken to prevent the substitution of any other brand in its place.

With no other agent can biscuit, cake and hot-breads be made so pure, healthful and delicious.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world. It makes pure, clean, healthful food.

The choicest things to eat grow right around us and as the North has found it out we have run a regular line of refrigerator trains so they can enjoy our choicest productions.

C. O. Lee, former Chief of Police of Albany, Oregon, picks up every pin he sees. H sipick up in 1910 amounted to 4,580 pins in a town of 4,275. A Wilmington man also has a penchant for picking up pins but he will go clean around a hair pin.

President Diaz, of Mexico, has failed to follow the example of his cabinet in resigning. The President is 80 years of age and he is too old a man to keep right on causing trouble. When a man gets that old he ought to be a quitter without plunging his country into strife.

Says the Baltimore Evening Sun: "By royal order the princesses of Spain wear a warning, "Do no kiss me." So fascinating are the Baltimore queens that an iron mask would be the only effective preventive." In Wilmington nothing of the sort is needed. Just one look is an effectual preventive.

Next Speaker Champ Clark refuses to ride in the $6,000 automobile purchased for Speaker Cannon by a Republican Congress. He bitterly fought the appropriation for that purpose and voted against it three times. He is determined to be consistent and therin he proves the right kind of Democrat.

CURRENT COMMENT.

Says the High Point Enterprise: "It is a fact not generally known and recognized through North Carolina that he Wilmington port holds fourth place among all the Southern ports for the exports of cotton. The government bulletin just issued by the Department of Commerce and Labor for the first eight months of the season says that while the exports of the staple from Wilmington last year amounted to a little over $17,000,000, it goes to more than $28,000,000 for the first eight months of the season. Wilmington is led only by Galveston, New Orleans and Savannah, in the order named." Wilmington has maintained fourth place as an export town for several years in the face of adverse freight facilities. Much cotton that ought to go to the port of Wilmington is diverted by the Seaboard Air Line to Norfolk. Were this condition of affairs remedied and were Wilmington to get another railroad from this part of the country—such as Colonel Jones is preparing to build, we would not be surprized to see that city take a place between Savannah and New Orleans.—Charlotte Chronicle.

"Like wildfire," is the accepted phrase for the way the commission plan of government is spreading among American cities not of the very highest rank. We don't know much about wildfire or how fast it spreads, but if it spreads as fast as this idea does there is nothing slow about it. All parts of the country show rapid gains for the scheme of centralizing municipal power in the hands of two or three well paid commissioners instead of distributing it among Aldermen, Councilmen and a Mayor. But for the moment the South is in the lead. In Alabama the three principal cities—Birmingham, Mobile and Montgomery—have all got authority from the Legislature to make the change. In North Carolina, Greensboro has just gone over to the new order by a big majority. Asheville is about to follow; and the other day Wilmington, old, conservative Wilmington, put the question to a vote, and out of a total of twelve hundred votes cast there were just twenty-two noes. In the face of such eagerness to try a promising experiment, it can hardly be contended that our cities don't want better government. The plan itself is a hopeful one, highly commended by the experience of such cities as have already tried it. But still more hopeful is the keenness of the interest it arouses, the civic awakening of which its popularity is a sign.—Harper's Weekly, March 25.

THE RECORDER'S COURT.

Several Defendants, Mostly Drunks, at Yesterday's Sitting.

The Recorder was greeted by a large number of defendants yesterday morning, mostly drunks picekd up by the police Saturday night and Sunday. Sam Grainger, colored, was found not guilty of disorderly conduct. Dick Cod, white, was required to pay $10 and costs for drunkenness and disorderly conduct. S. A. Justice, white, carrying a concealed weapon, forfeited bond of $25. It was stated that Justice is a constable in Pender county and he thought that his official position in Pender gave him the right to carry a pistol in New Hanover. Otto Rosenberg, white, charged with drunkenness and carrying concealed weapon, town a pistol, admitted that he was drunk and testified that while in this condition some one put the pistol in his pocket. The Recorder believed this statement and judgment was suspended upon payment of costs. Wm. Johnson, colored, was required to pay $5 and costs for disorderly conduct. A case against Harkless Reaves and Wm. Moore, colored, charged with assault with deadly weapon upon James Williams, colored, was continued until today. It is alleged that one of the defendants endeavored to use a knife on Williams while the other was equally as active with an axe, but Williams managed to escape injury.

Clearing House Delegates.

The Wilmington Clearing House Association has appointed Messrs. Chas. N. Evans, J. V. Grainger and Thos. E. Cooper as a committee to represent their association at a meeting of the Columbia and Charleston Clearing House Association, which will be held today in Charleston with the view of establishing in their associations the condensed form of handling their clearings which system is now in use by Atlanta, this being the Boston system. Messrs. Evans, Grainger and Cooper left for Charleston last evening.

SAVED MOTHER AND DAUGHTER

Two Ladies in Mt. Pleasant Are Healthy and Well, Today, Thanks to Cardui.

Mt. Pleasant, Tenn.—Mrs. M. E. Rail, of this place, says: "I was a great sufferer for two years, and was very weak, but learned about Cardui, and decided to try it. Cardui is all you claim for it, and more. Now I have gained in weight and am in perfect health. I can't say too much for Cardui, for it saved my life.

My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she is enjoying the best of health. Cardui is worth its weight in gold. I recommend it for sick women, whether young or old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action on the womanly constitution, Cardui is the best medicine for weak, sick girls and women.

If you are sick and miserable, or suffer from any of the aches and pains due to womanly weakness and disease, Cardui is probably just what you need. Cardui helps sick women back to health and strength. It has been doing this for more than 50 years.

Cardui should surely help you, as it has helped a million others, during this half century of time.

It is certainly worth trying.

TWO ARRESTED IN JAIL.

Called to See Prisoners and Deadly Weapons Found on Persons.

Two colored men, Charles Fowler and another who gave his name only as "Stanley," were cleverly trapped in the county jail yesterday morning by Sheriff Cowan, Jailer Branch and Deputy Sheriff Bert Kelly. The negroes had called to see Ed. Gause, colored, charged with murder and confined there. Sheriff Cowan got wind of the fact that one of them had a pistol on his person. He went over with the officers and at the sight of them, one of the negroes slipped the weapon to the other with the result that both were nabbed and pushed into the cell where they will be held for hearing before Justice George Harriss.

FINE ART DISPLAY.

This is an annual affair at Yates' and this will be Mr. Jones' last day at the store. Mr. Jones is a direct importer of fine art subjects from the studios of the world and will be delighted to show the many favorite art pieces that he has on dispay at the store on this occasion.

"MONEY BACK."

Although common in other lines, most manufacturers of cooking fats dare not sell their products—"Satisfaction guaranteed or money refunded." Their goods are usually put up in loose-covered pails or tins, which cannot—and do not—keep out the air, dust and odors, and the goods soon spoil.

The N. K. Fairbank Company guarantee Cottolene no matter how long it is kept on the grocer's shelves. They are able to do this because Cottolene is packed in pails with covers of special design, making the package absolutely air-tight and insuring freshness of the product indefinitely.

LYCEUM COURSE SELECTED

Boys' Brigade Will Give Still Better Course Next Season—The Attractions Have Been Announced—Tickets.

The unqalified success of the Lyceum Course conducted by the Boys' Brigade during the season just closed and the great demand already made for tickets for next season has prompted the committee in charge to endeavor to give the people of Wilmington the very best and most expensive lyceum course ever presented in the city.

As previously announced the ultimate object of the committee is to have a successful and satisfactory Lyceum Course and not the making of a great profit on the investment, and as the expenses attached, aside from the payment of entertainers, is quite small, more expensive, high-class attractions can be secured. With the pleasure of the patrons foremost in mind the committee in charge has selected the entertainers for next season, announcement of which was made yesterday. The first number will be the Bostonia Sextette Club, which is one of the greatest company of high-class instrumentalists in this country, and a splendid soprano soloist, the company being composed of seven musicians—three violin, one violincello, one bass viol and one clarinet, and soprano solist. This company is directed by Mr. C. L. Staats, the greatest clarinet soloist traveling in concert, and who is an artist of international reputation and experience, having played in the leading musical organizations in Europe and America. He has filled the position of first clarinet in the Royal Italian Opera, Her Majesty's Theatre, London, at the Jordan d'Acclimatation in Paris and at the great Casino in Ostend, Belgium, also having played solo clarinet in Sousa's Band, and for years been a prominent member of the Boton Symphony Orchestra.

The second number is Karl Jansen, the great Swedish humorist and entertainer, who is a graduate of several of the noted institutions of learning in Sweden and Norway, and is, therefore a gentleman of thorough education and culture. For ten years he has been one of the most successful impersonaters appearing before the European and American audiences.

The third number is the Harmony Concert Company, composed of Mrs. Pearl Collins-McIntyre, soprano, Miss Mynn Cogswell, violinist, Miss Bessie Leigh, reader, and Mr. S. Arthur McIntyre, tenor. Mrs. Collins-McIntyre is a soprano of wide range and power who sings only the best things from the best composers. Mr. S. Arthur McIntyre possesses a clear, brilliant and vibrant voice, absolutely even through its wide range. Miss Bessie Leigh, as a reader, is heralded as being in the same class as the great Katherine Ridgeway, and nothing more complimentary could be said about her. Msiss Cogwell's playing is considered of the very finest character in technique and purity of tone and sympathetic interpretation.

The fourth number is the Neil Litchfield Trio, known as the Laugh Makers," their aim being to make people healthful and happy my making them laugh. Mr. Litchfield has been known for years all over the United States and Canada as "the man with 100 faces." Mrs. Litchfield's years as an actress in the legitimate drama ably fits her for the various parts assigned her, while Miss Abbie Litchfield is a charming and efficient performer on the piano.

Another great number is a lecture by H. W. Sears, popularly known as "The Taffy Man," his mission being, by his lectures, to drive out the blues and route the demon of grumbling and his scourage of satire, wit and humor.

The last number and of the best is the Good Fellows Singers. Mr. Harry J. Fellows, is one of the most popular artists in America. His voice is a lyric tenor of large compass and telling brilliancy. Miss Mabel Cohen, soprano, is a bright vivacious young lady with a voice that is beautiful and brilliant. Miss Mabel Driver, the contralto, possesses a voice that is extraordinary in its beautiful, round, rich contralto quality. Mr. T. A. Fisher has a beautiful, large, round bass voice with a range of over two octaves. Miss Ruby Mason is considered a genius in piano playing.

Only 400 tickets will be sold this season. Almost 200 of these have already been placed and not more than two-thirds of last year's ticket holders have been seen; a great many tickets having been taken by new subscribers and all without practically any solicitation. A canvass will be inaugurated at once to place the other 200 and it is thought that this can be easily accomplished within two weeks. As soon as this number is sold the list will be closed and no more can be secured at any price. Those desiring to assure themselves of tickets may telephone or call at Dosher Bros., where subscriptions will be taken or communicate with Mr. Chas. Dushan either at the Boys' Brigade armory or at his home. The tickets will be ready for delivery at any time after May 1st, and are to be paid for when delivered, the time of delivery being decided by the subscriber. The price is only $2.50.

LAD COMMITTED FOR MURDER

Clarence Summerlin in Jail to Await Next Term Superior Court for Killing Bryant Kennady. Coroner's Inquest.

Clarence Summerlin, the 13-year-old son of Mr. and Mrs. John Summerlin, of Delgado, who stabbed to death in the Delgado store Saturday night his chum, Bryant Kennady, 14-year-old son of Mr. and Mrs. Albert Kennady, following a childish quarrel over a bottle of pepsi-cola, was arrested Sunday morning at the home of his parents and is confined in the county jail on the coroner's commitment to await trial at the next term of Superior Court, which begins Monday.

Summerlin was taken into custody Sunday morning at the instance of Magistrate J. H. Sykes, of Delgado, and committed to the county jail. Following the coroner's inquest, which was held at 11 o'clock Sunday morning, finding that Kennady came to his death as the result of a knife wound in the breast inflicted by Summerlin, Dr. C. D. Bell, the coroner, gave Sheriff Cowan a commitment to hold the lad for Superior Court. It is understood that Magistrate Sykes had arranged for a preliminary hearing before him at Delgado yesterday at noon and summoned Coroner Bell as one of the witnesses, but, acting upon the advice of County Attorney Marsden Bellamy, Sheriff Cowan declined to allow the prisoner to be taken from the jail, therefore, no hearing was held. The county attorney took the position that the sheriff would be running a great risk to let a prisoner out of jail for a magistrate's hearing after he had been committed without bond for Superior court by the coroner. Magistrate Sykes is understood to have insisted that he should have the prisoner as he was the first man to take charge of the case. When told by the sheriff that the commitment of the coroner took precedence over that of a magistrate, Mr. Sykes is said to have replied that although the coroneld an investigation that he heard only one side of the matter and that it was desired that the accused boy's side be heard. The sheriff steadfastly declined to go contrary to the advice of his attorney and the lad will remain in jail until Superior court convenes unless habeas corpus proceedings are resorted to.

The coroner's jury was composed of Messrs. J. R. Davis, foreman; E. C. Woodbury, Sr., W. E. Yopp, A. L. Kelly, Orin Johnson and H. F. Farrow, secretary. After the examination of two witnesses the jury returned a verdict to the effect that Bryant Kennady came to his death by a stab wound from a knife in the hands of Clarence Summerlin.

The testimony of Robert Arthur, the first witness, was as follows: "I live at Delgado and about 9 o'clock last night (Saturday) at Delgado store Clarence Summerlin was drinking a bottle of pepsi-cola, when John Howe asked Summerlin for some of it, and Kennady remarked that Summerlin had to take it to Bennie, his brother. In reply Summerlin said that the next one who said that their mother was a ——. Kennady, who was seated, stood up on the floor and Summerlin tried to cut Kennady, but the two were separated by Mr. Hall. Kennady then walked to the front of the store and returned back to the heater, then Clarence Summerlin stabbed him, and Bryant Kennady fell to the floor and Summerlin walked out of the store."

John Howe, the other witness, testified as follows: "I live at Delgado and about 9 o'clock last night (Saturday) at the Delgado store Clarence Summerlin was drinking a bottle of pepsi-cola, and I asked him to save some of it. Then Bryant Kennady remarked that Summerlin had to take it to his brother, Bennie. Summerlin said that the next one who said that their mother was a ..... Kennady replied that Summerlin was getting too fast and Summerlin invited him out on the floor and he stepped out and Summerlin struck at his throat with a knife and they were parted by Mr. Hall, and Kennady walked to the door and asked Summerlin to come outside. Seeing that the would not come outside he went back into the store and Summerlin stabbed him, and he fell to the floor. Summerlin then walked out of the store."

The body of Bryant Kennady was prepared for burial at Mr. W. E. Yopp's funeral parlors and taken Sunday night to Kinston, the former home of the family, where the funeral and interment will take place. Much sympathy has been expressed for all parties concerned and the tragedy is deeply regretted.

CUTTER'S EVENTFUL CRUISE.

Destroyed Derelict Near Hatteras—Will Leave Again Today.

Returning from a week's cruise North, where she destroyed a derelict, the revenue cutter Seminole, Capt. Crisp, came in for coal yesterday and will leave again this morning at 6 o'clock. The wreck destroyed 15 miles south by east of Ocracoke, is presumed to be the one reported some time ago off the Carolina coast by a German steamer. It is generally believed that the derelict destroyer Seneca, which was also in the search and recently reported the same wreck as high and dry on the beach, and out of the path of navigation, only sighted the schooner Martha Wallace, which has been ashore at the location stated for several months. The derelict was detected by a spar, which was protruding about 20 feet out of the water.

A crew from the Seminole assisted in putting out a fire at Southport last week. Assistance from the cutter was very timely, and doubtless prevented the destruction of other property.

MR. J. G. W. TIENCKEN PASSES

Well Known and Prominent Citizen Died Suddenly Sunday Evening of Heart Trouble—Funeral This Afternoon.

Seized with an attack of some form of heart disease while on a street car between 6 and 7 o'clock Sunday evening, Mr. J. G. W. Tiencken, a well known and prominent business man, was hurried to his home, No. 116 South Ninth street, where he expired a few minutes afterward, all efforts to revive him being of no avail. The news of his passing spread very rapidly and hundreds and hundreds of friends were shocked and saddened by the intelligence.

The funeral services will be held from the late residence at 3 o'clock this afternoon, thence to St. Paul's Evangelical Lutheran Church, and the interment will be in Oakdale cemetery.

Mr. Tiencken was one of Wilmington's best known and most highly esteemed citizens and hundreds mourn his passing. He was born in Appeln, Hanover, Germany, April 22nd, 1860, and was therefore in the 51st year of his age. He came to this country when a boy and was just entering manhood when he removed to this city, where he has since lived. For a number of years he held a position with his brother, Mr. M. G. Tiencken, a member of the Board of Audit and Finance, being manager of his business at Fourth and Castle streets. Some years ago he embarked in business for himself, across the street from his brother's establishment, which he conducted with marked success. Mr. Tiencken was a man of splendid business qualifications, of tender ways, most affable in manner, lovable disposition, and was held in the highest esteem by all within his large circle of acquaintances. Though born in another country, no man ever spoke in warmer admiration or with more ardent love of the United States in general and Wilmington in particular than Mr. Tiencken.

Mr. Tiencken married Miss Annie Grotgen, who with two children, a little daughter and an infant son, survive. He also leaves one brother, Mr. M. G. Tiencken, of this city; one sister, Mrs. Charles Eckman, of Brooklyn N. Y.; and several nieces and nephews, these being Mrs. Benjamin B. Bellois, Mrs. John Brunjes, Miss Annie Tiencken and Messrs. William, George, Fred, Henry and George, Jr., Tiencken. The bereaved have the tenderest sympathy of a great many friends.

Mr. Tiencken was a devoted member of St. Paul's Evangelical Lutheran church, and was affiliated with the Woodmen of the World, holding his membersnip in Live Oak Camp, of this city

MR. C. G. HATCH DEAD.

Passed Away Sunday Morning of Pneumonia—Funeral Yesterday.

Following an illness of a few days of pneumonia, Mr. C. G. Hatch, a well known citizen, passed away at his home on Second, near Ann street, Sunday morning at 11:45 o'clock. Mr. Hatch was 62 years old and had resided in Wilmington for the past seven years, coming here from Atlanta, Ga., and followed his trade, that of a painter, with much success. Surviving are his wife, two sons, Messrs. J. E. Hatch and Walter Hatch, of this city; one brother, Mr. William Hatch, of Texas, and one sister, Mrs. E. C. Wise, of Atlanta. Many friends learned with much regret of his passing. The funeral services were held at 4 o'clock yesterday afternoon from the residence of his son, Mr. J. E. Hatch, No. 424 South Fourth street, conducted by Rev. W. A. Snyder, pastor of St. Paul's Evangelical Lutheran Church, in the presence of a large concourse of relatives and friends. The interment was in Oakdale cemetery and the pall-bearers were: Honorary, Messrs. J. H. Rehder, E. P. H. Strunck, G. Henry Haar and J. O. Brock; active, Messrs. C. S. Denny, H. E. Longley, P. LeMoyne, W. J. Bradshaw and Hall Whitney.

MRS. ELLEN M. WILSON DEAD.

Passed Away Early Yesterday Morning at Home in This City.

Many friends learned with deep regret yesterday morning of the death of Mrs. Ellen M. Wilson, wife of Mr. A. Mack Wilson, who died at the family residence, corner Fifth and Nun streets, after an illness of some time. Mrs. Wilson was apparently better Sunday night and fell asleep about midnight and while slumbering passed quietly and peacefully to the Great Beyond. The realization of her passing came as a crushing blow to her loved ones and draws to them the tenderest sympathy of a great many friends in their bereavement. Mrs. Wilson was 54 years old and besides her husband is survived by five children, these being Mrs. M. Robbins, of Goldsboro; Mrs. E. Fulcher, Mrs. L. T. Turner and Messrs. E. M. and A. M. Wilson, of this city. She was a member of Fifth Street Methodist Church and the funeral services will be conducted by Rev. G. T. Adams, pastor of that church.

The funeral services will be held from Fifth Street Methodist church at 4 o'clock this afternoon, and the interment will be in Oakdale cemetery.

IMPORTANT TO CANDIDATES.

Legal Requirement That Should be Observed in Filing Notices.

An able attorney of the city last night called the attention of the Star to an inadvertence of practically all the candidates that have announced for councilmen. This is with respect to the form of filing their petitions with the Election Board. This requires certain affidavits as to residence and payment of poll-tax and the validity of signatures that many have overlooked. Those who have not examined the law as to the commission form would do well to observe that a section following that as to form of petition is vital to the legality of the petitions as they are required to be filed with the Board.

TROUBLE AT OCEAN FISHERIES

Engineer McGanney, of Compton, Shot and Seriously Wounded Bartley Atkins Sunday Afternoon—Will Recover.

Bartley Atkins, 23 years old, an employe of the Ocean Fisheries Co., was shot and seriously wounded Sunday afternoon at the plant of the company, down the Cape Fear river, several miles from Wilmington, by Mr. W. E. McGanney, engineer on the fish boat Compton, belonging to the fisheries.

McGanney left the factory immediately after the shooting, but was later arrested by Sheriff J. J. Knox, of Brunswick county, and taken to Southport, where the preliminary hearing took place yesterday morning, the defendant giving bond for appearance at next term Superior Court.

According to a telephone message from the Ocean Fisheries Sunday night McGanney was drinking and had some words with Atkins, following which he drew his pistol and began firing. One bullet passed through Atkins' trouser leg and another struck him on the right knee, inflicting a serious, but not necessarily a fatal wound. The information was that as soon as he shot Atkins McGanney "took to the woods." Local officers were notified Sunday afternoon of the shooting and were asked to join in the search of McGanney, who was reported to have crossed to the New Hanover side of the river. The first message was to the effect that the man shot had died, but this proved incorrect. It was stated yesterday that McGanney did not cross the river at all, but remained on the Brunswick side.

Drs. Dosher and Pate, of Southport, were summoned to attend the wounded man, arriving Sunday night. It was stated yesterday that Atkins was resting as well as counld be expected and there is now no fear that it will be necessary to amputate his leg. McGanney returned to his work on the Compton yesterday afternoon.

The first rehearsal for the "Little Princess," which will be presented under the auspices of the Ladies' Auxiliary of the Y. M. C. A., was held yesterday afternoon in the rooms of the association and was a decided success. A large number of children were present to meet Mr. and Mrs. Donohoo, who will have charge of the production, and it is needless to say that every child fell in love with them from the first. After telling the children the plot of the "Little Princess" Mrs. Donohoo led them in several songs that will be used and then started the different groups in the drills and other parts of the production. Through the kindness of Mr. Woolvin the large hall over the Tidewater Power Co.'s offices has been secured for the rehearsals and tomorrow afternoon not only all the children that were present yesterday, but also about 150 more will be needed to complete the cast. All children between the ages of six and sixteen are invited and urged to take part in this production, which promises to be the most elaborate and enjoyable given in this city by local talent in a long time. The rehearsals will begin promptly at 4 o'clock.

PERSONAL PARAGRAPHS.

—Former U. S. Senator John L. McLaurin, of Bennettsville, S. C., and daughter, Miss McLaurin, were guests at The Orton Sunday.

—Mr. C. S. Faircloth, who has a responsible position with the Tilgman Lumber Co., of Sellers, S. C., spent Sunday with his father, Mr. S. J. Faircloth, of Autryville, N. C., and was pleasantly greeted by his friends there.

—Capt. and Mrs. R. V. D. Corput, of Fort Caswell, were guests at The Orton Sunday, returning from a trip up the State where Capt. Corput has been engaged in the inspection of the North Carolina National Guard as special officer from the War Department.

—Among the guests at The Orton yesterday were G. H. Dortch, Raleigh; W. D. McCallum, Cronly; W. J. Brown, Greenville; Dr. Wm. M. Bryan, wife and nurse; R. C. Cool, Southport; C. M. James, Rocky Mount; W. Q. Jeffords, Florence; W. C. Murphy, Hamlet, and B. J. Sanderlin and wife, White Hall, N. C.

—Mr. Ernest C. Hanks, who was a member of the Sailor's pitching crew last season in the Eastern Carolina Association, left last night for Danville, Va., and will do twirling for that team in the Virginia State League this season. Mr. Hanks spent the Winter here and made many friends in Wilmington.

MISSIONARY DELEGATES.

Passenger Traffic Manager Craig Says None Were Left.

The Morning Star, Wilmington, N. C.

Gentlemen:—Referring to the article appearing in your issue of Sunday the 26th, with reference to the ticket office at the Union station, in which it was claimed that a number of the delegates to the missionary convention was unable to have their tickets validated in time to get off on the morning departures.

Both Union Ticket Agent Arrington and Station Master Walker, advise that no one was left—all parties were ticketed in time to take their respective trains. There were, however, a number of partis intending to depart on afternoon trains who were at the depot to have their tickets validated, and the mistake of your reporter was probably due to this fact.

Will you kindly make correction in your next issue, and oblige,

Yours very truly,
W. J. CRAIG,
Passenger Traffic Manager.

JEALOUS, NEGRO KILLS WIFE

Julia Ford Murdered by Her Husband, Garfield Ford, When Found in Company With Another Last Night—Captured.

Angered because she had left her home, No. 1114 Orange street, and gone with a roomer, Dave Nixon, to the southern section of the city, Garfield Ford, colored, about 30 years old, shot and instantly killed his wife, Julia Ford, in Price's alley, between Church and Castle and Fifth and Sixth streets, at 11 o'clock last night, after firing two shots, without effect so far as known, at his rival for the affections of his wife. The woman fell in a heap, death resulting instantly, and her body rolled over in the back yard of Mrs. David Brady. Ford was captured a few minutes later by the police and is in the city prison.

When he entered police station at 11:30 o'clock in company with an officer Ford stated that he had killed his wife because he found her in company with another man, and apparently did not regret his act. The pistol with which he did the shooting is an Iver-Johnson, 38-calibre, and every chamber was emptied, Ford firing twice at Nixon and three times at his wife. Ford was placed in a cell at the city prison, but will be removed today to the county jail.

While in the vicinity of Seventh and Church streets at 11 o'clock Mounted Officers J. S. Lane and H. G. Bullard heard the report of a pistol, five shots all told, and rushing in the direction from whence came the sound, they saw a negro man crossing the street at Fifth and Church. Surmising that he must know something of the trouble, they called to him to halt. He did not stop, but endeavored to dodge the officers, who gave chase. The negro circled around the street intersection several times, the officers rushing him so closely that he finally stopped. Getting down from their horses the officers found a pistol at the negro's feet, the revolver giving evidence of having just been used and contained only five shells. The negro told the officers that his name was Garfield Ford and that he had shot his wife because she was caught with another man, whose name was given as Dave Nixon.

Acting Sergeant W. L. Moore alighted from a street car in that vicinity a few minutes after the shooting and went over to Price's alley, where he found the body of the woman lying in a pool of her own blood. She had apparently been shot through the left jaw and in the mouth. It was evident that life was extinct, but it was thought best to call the hospital ambulance, which arrived in a few minutes, the interne after casting a glance at the lifeless form stated that she was beyond human aid. Ford was brought on to police headquarters, and Dr. C. D. Bell, the coroner, was notified.

After viewing the body Dr. Bell gave permission to relatives to remove the remains. He stated that he would hold an inquest some time today, the hour depending upon the time summons could be secured on all the witnesses, particularly Nixon, who, with the exception of the defendant, is the only eye-witness to the tragedy, so far as known.

Ford and wife lived at No. 1114 Orange street and have two small children. Ford has been in the employ of the Tidewater Power Company for some time and had always borne a good reputation, never before having been in court, so far as officers at the hall knew last night. Nor was his wife ever up for any offense, so far as the knowledge of officers goes. Nixon, it was stated, lived at the home of the Fords.

Very likely Ford expected that his wife was out with Nixon and evidently knew at what point he would find them. They were standing in the alley when he approached. He opened fire on Nixon, sending two bullets in his direction, but it is not thought that either took effect. Ford then turned the weapon on his wife, firing at her three times, and it is probable that all three bullets took effect.

This makes three murders in Wilmington and vicinity within a week. One week ago yesterday Dick Gause, colored, shot and killed Ned Gibson, in the northern section of the city. Gause being captured some hours later, and Saturday night Clarence Summerlin, a white youth, stabbed to death his chum, Bryant Kennady, and he is also in jail awaiting trial at the next term Superior Court.

HELD UP AND ROBBED.

Two Men From County Victims of Negroes in East Wilmington.

Mr. A. L. Kelly, of East Wilmington, reported by telephone to police headquarters shortly before 1 o'clock Sunday morning that two white men returning to their homes in the county in a wagon from a visit to the city were held up and robbed of a number of their purchases by two negro men at a point in the road near the Kenan place about 12:30 o'clock the same morning. As soon as the negroes got all they wanted from the wagon and the white men were permitted to go on, they went to the home of Mr. Kelly and asked him to report the occurrence to the police. Assistant Chief of Police Woolard detailed two mounted officers to go out that road to search for the robbers, who were reported as having been headed toward the city, but no trace of them was found. Sheriff Cowan also investigated the robbery but no clue to the highwaymen could be secured.

Attacks School Principal.
A severe attack on school principal Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at R. R. Bellamy's.

Grand Theatre.

True to promise, the Grand today offers one of the most famous pictures ever made in "The Irish Honeymoon." Probably no more expensive picture has ever been produced than this one, and Grandites will find it the greatest treat of the year. The story is of two young people who have just been married and on their honeymoon they visit Ireland. The first scene shows them boarding one of the big ocean liners, later they are seen in Ireland among the famous scenes shown in 'Colleen Bawn Rock," and "Middle Lake," also in the city of Cork, the home of Mr. Richard Croker. Mr. Richard Croker, the ex-Tammany chief, takes an actual part in this picture and many scenes in and around his home at Glencairn, Ireland, are shown. Many have heard of the "Blarney Stone" and in this picture can be seen the actual feat of kissing it. Among other pictures will be "The Four Footed Pest," showing some great comedy stunts by a horse, and "The Medallion," the latest Selig production showing the early struggles of a great painter. There is still another picture worth noting, "The Statue Dog." Mr. Henry will sing, "I Wonder," and the orchestra will play a famous collection of Irish songs. Don't fail to see "The Irish Honeymoon," the biggest yet. Doors open at 11 A. M.

At the Bijou.

What bids fair to be another big week both for attendance and for artistic triumph was inaugurated yesterday at the Bijou. The weather developed beautifully yesterday so that in the afternoon the popular moving picture theatre was packed with ladies and children, who never seem to tire of going to the Bijou. Two big features of yesterday's fine bill were both a Biograph and a Selig film, and, showing how up-to-date is the Bijou service, why it is perhaps well to note that these two films were only placed on the market the last of the past week, so it was a "rush order" that brought them to Wilmington so soon thereafter. Mr. Banks yesterday had just the jolliest kind of song, which made a big hit. Today the Bijou has another big and brand new offering. Each film is a star in itself.

Joyland.

The programme for today is something out of the ordinary, and each and every one of the pictures is a feature in itself. The first will be a western drama presented by the American Film Co., and is entitled, "In the Land of the Cactus." The picture was made along the Mexican border which will make it doubly interesting at this time. Another feature film is entitled "The Heart of a Warrior," and is a heart thrilling picture, and with an up-to-date comedy, and two songs by Messrs. Reilly and Armstrong will be truly a top-liner.

Vaudeville at Crystal.

Miss Ollie DeArden, Stanley Hall and Madam Wanda comprise three good acts at the theatre this week. The opening matinee yesterday was played to a full house, and the evening performances were highly appreciated and applauded. Madam Wanda is the most successful attraction that has appeared here, and this, her second week, will give many an opportunity to interrogate her in regard to their affairs, social financial, present or future. Miss DeArden has made a hit, not only in her catchy songs, but her monologe and buck-dance, and Mr. Stanley Hall has scored a success throughout the entire circuit of Wells Theatres in the South, and is no less pleasing here. The management regrets that Miss DeArden could not appear at the matinee yesterday, but this was due to her baggage not arriving until the late train, from the North. The matinee today will be played exclusively to ladies, there were many last Friday, who Wanda did not answer but she will endeavor to get the majority today.

LOCAL DOTS.

—The schooner Linah H. Kaminski, Capt. Christensen, arrived Saturday from Carteret, N. J., with cargo of acid phosphate for the Seaboard; vessel to C. D. Maffitt. The Norwegian steamer Fimrlete, Capt. Mortosen, cleared for New York after discharging cargo of fertilizer material at the Seaboard terminals.

—Savannah Morning News: "The Atlantic Coast Line is negotiating with the Baldwin Locomotive Works for about 30 new locomotives. It is expected that an order either with this company or another will be consummated shortly. The Coast Line is purchasing these new engines for various sections of its system. A good part of them will be placed on the lines running between the Southeast and New York.

—Capt. Earl I. Brown, United States engineer in charge of this district, and Assistant Engineer John Krey, in charge of the work of constructing locks and dam on the upper Cape Fear river at a point between Wilmington and Fayetteville, left Sunday morning for Nashville, Tenn., and from there will go to a ponit near Carthage, Tenn., to inspect the locks and dam constructed there by the government. The locks and dam on the Cape Fear will be very much like those in Tennessee.

—The firemen were called out at 4 o'clock Sunday morning on account of a threatening blaze at the home of Mr. W. M. Cumming, No. 115 Church street, caused from hot ashes in a barrel, setting fire to the rear of the house, the lattice work being in a blaze when discovered by Mr. Cumming. The damage is estimated at $50. The department was called out in the afternoon by an alarm from Kidder's mill. There was no damage, the blaze being merely the burning of some waste in front of the furnace door.

—Will Crowder, colored, convicted in Recorder's Court Saturday of damage to personal property and fined $25 and costs, or three months on the county roads, will have to do time for the county, being unable to raise the amount of the fine and costs. Crowder is wanted in Raleigh for assault with deadly weapon and an officer from the Capital City came Saturday for the negro, but had to return without him. The negro will probably be turned over to the Raleigh authorities when he has completed his sentence in this county.

CITY BASEBALL LEAGUE.

Rules for the Season Adopted at the Meeting Yesterday Afternoon.

Representatives of the four teams composing the City Baseball League held an important meeting in the rooms of the Y. M. C. A. yesterday afternoon with President Chas. Dushan presiding and Mr. J. B. Huntington, secretary and treasurer, at his post. Others present were: Messrs. Myers and Orrell, of the Wilmington Light Infantry; Mr. W. R. Dosher, Boys' Brigade; Mr. H. C. Bowden, of the Y. M. C. A., and Mr. H. Emerson, of the Atlantic Coast Line Athletic Association. The principal matter before the meeting was the adoption of rules governing the league during the season, which begins Saturday, May 5th, and will continue through the Summer. The rules as adopted will be published in Sunday's paper.

SAGE AND SULPHUR

Made Her Look Twenty Years Younger

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK } ss: ROCHESTER, N. Y.
COUNTY OF MONROE }

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl I had a head of heavy, long, dark brown hair which was the envy of my friends and which attracted the attention and remarks of strangers, but as I grew older, it commenced to come out. When my hair was quite thin and gray, I was induced by many good reports I had heard of Wyeth's Sage and Sulphur to try a bottle; and you can imagine my satisfaction when I found my hair was fast coming back to its natural condition. I continued to use Sage and Sulphur until my hair was as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I began using Sage and Sulphur and my hair is in splendid condition.

A SHARP DECLINE IN COTTON

Market Was Irregular Throughout the Day—New Crops Positions Relatively Easy—Offerings Were Small.

New York, March 27.—After a somewhat irregular but fairly steady early session, the cotton market turned easier late today and closed barely steady at a net decline of 1 to 16 points. The opening was steady at an advance of one point to a decline of three points, which was about in line with the showing of the Liverpool market, where futures were about as dne, on the New York decline of Saturday, but where spots were in good demand with sales of 12,000 bales on a decline of 6 points.

New crop positions were relatively easy, here, at the start, owing to favorable weather advices and a general impression that rainfall has been sufficient to give the crop a good start over a probable increased acreage. But offerings for new crop delivery were comparatively small and during the later trading these position held relatively steady and while active months generally held within 3 or 4 points either way, of Saturday's closing figures, during the middle of the day, the list turned easier and the old crop led a decline in the hour until more or less liquidation, stop-loss orders and local bear pressure which seemed to be inspired by reports that further cuts had been made in leading lines of cotton goods by one of the prominent distributors. The market seemed to be without any support of consequence late in the day, and last prices were at practically the lowest. May touched 14.28, or 35 points below the recent high level, and at the lowest figures reported on the board since the middle of the month. Domestic trade accounts generally continued very discouraging and Boston despatches estimated the curtailment in the country's spindleage at 25 per cent. Manchester reports were more encouraging and one of the private cables received stated that the business in cloths in Lancashire last week was the largest on record. Business here was very quiet and the market showed little feature until the selling movement developed in the late trading. Receipts today at the ports, 10,278 bales, against 8,144 last week and 8,430 last year. Today's receipts at New Orleans, 871 bales against 15,420 last year.

Spot cotton closed quiet, 15 points lower; middling uplands, 14.40; do. gulf, 14.65; sales, 88 bales.

Futures opened steady and closed barely steady.

MARKET REMAINED DULL.

Until Last Hour Cotton Market Showed Little Animation in Tone.

(Special Star Telegram.)

New York, N. Y., March 27.—Until the last hour the market remained dull at a small decline from yesterday's prices as the European demand absorbed all of the offerings. Toward the close the offerings increased apparently because of long liquidation caused by the good rains over the cotton States, and on a reported reduction in the prices of some staple cotton goods. Comparatively few buyers were present to take these offerings, so the market closed easy at 15 points lower than yesterday. These offerings came so quickly that the trade were at a loss to account for the change in sentiment until the cut in cotton goods prices were announced.

Why is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet, GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve in the acids of the stomach. Is just as good for Grown People as for children. The First and Original Tasteless Chill Tonic The Standard for 20 years. 50.

STOCKS ARE STILL INACTIVE

Increasing Slowness in Most Lines of Trades Effects the Market—No Fresh Impetus From Any Quarter.

New York, March 27.—In the absence of fresh impetus from any quarter today to operations in the stock market, trader resigned themselves to a continuation of the period of inactivity and did little. Increasing slowness in most lines of trades is finding its accurate reflection in the stagnation, which has overtaken the securities market.

The parallel between the present condition and the dullness which preceded the rendition of the Northern Securities is more striking daily, although the findings in the anti-trust cases seem to be awaited with less perturbation than was the case in the previous instance. Although any day may bring its revival of speculative activity the weight of opinion is toward the view that the larger operators are disposed to allow the market to drag along slowly, until something occurs, in the nature of court decisions or otherwise, to accord an obvious and compelling motive for action.

The tone of the market was firm throughout the day, with increasing strength in the afternoon. There was no apparent reason for the market's strength. Speculative activity is some of the important stocks increased in the last hour, and Union Pacific, Norfolk and Western and Baltimore and Ohio and the Gas stocks closed with a net gain of a point or more.

News bearing on the railroads is receiving especial attention as the roads are believed to hold the key to the present situation. The period of adjustment of new conditions arising largely from their inability to increase freight rates has now fairly begun and the outcome is a matter of concern, in view of the intimate relations of the carriers with virtually every branch of trade.

Lessening purchasing power of the roads is leading to curtailment of expense wherever possible, and the phrase "scientific economy" as applied to the transportation companies has become a familiar one. In this connection the February report of the Baltimore and Ohio is of unusual significance. Although its gross earnings fell off by 378,000, expenses were reduced so heavily that there was a small increase in net earnings. Gross earnings as a whole are running up to a little ahead of last year, and a sufficiently rigid policy of economy may change the financial outlook of the companies materially. Letst reports show that traffic is falling off on the Western roads, at least. News from other quarters was hardly of a more hopeful tenor. It is estimated that 23 per cent of the spindles of New England cotton mills are idle. Similar conditions on a smaller scale are reported from Southern cotton manufacturing centers. A large railroad shop in the West was closed and there were reports of impending labor troubles from various quarters. The determination of influential members of the new Congress to insist on at least some tariff action, was indicated in Washington advices.

Germany again appeared as a bidder for South African gold, obtaining more than $1,000,000 of the $5,000,000 available in London today. The Bank of England took the bulk of the remainder. European markets were somewhat irregular, although alarm as to the situation in the Far East was allayed by China's reported decision to yield to the demands of Russia.

Bonds were steady. Total sales for the day were 149,800 shares.

THE GRAIN MARKET.

Chicago, March 27.—Wheat today dropped beneath any previous low level it reached this year. Sufficient reason was found in the general rains, liberal receipts, large world shipments and slow cash demand. Closing prices were steady, at ¼ to ⅝c. decline. Latest figures showed corn, ¼ to ⅜c. up, oats a shade down to ⅛@¼c. gain, and provisions 2½ off to 12½@15c. advance.

DRY GOODS MARKET.

New York, March 27. — Lonsdale, 4-4 bleached cottons were cut during the day to a basis of 7¼c. net for spot goods. This change is in keeping with the revisions in other bleached cottons made last week. Trade for the day in dry goods was quiet, with many reports being circulated of further curtailment in mill operations. Dress goods demand is very narrow.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MEET AT FAYETTEVILLE.

Lincoln Beachy to Give Airship Flights in Upper Cape Fear.

Mr. Frank Herbst, of this city, who so successfully managed the recent aviation meet in this city, left last night for Fayetteville and Pinehurst, N. C., where he will meet Lincoln Beachy, the well known aviator, and arrange for an aviation meet on the Cumberland Fair Grounds on April 8th. Beachy is now at Pinehurst conducting an aviation school for a class of wealthy New Yorkers, who are learning the modern sport, but will shortly go on the road again. To Wilmington people and people of the State who witnessed the aviation meet in this city, Lincoln Beachy will never need an introduction. Clever and daring as an aviator, he is none the less a modest, retiring young man, who ought to succeed in anything he undertakes. It is to be hoped that the Fayetteville meet will be arranged to give the people of that section of the State an opportunity of seeing one of the most marvellous exhibitions ever given in the State.

MRS. BULLARD DEAD.

Passed Away at Residence of Her Son in This City Yesterday.

Many friends here and elsewhere throughout this section of the State where she was known and so highly esteemed, will learn with sorrow of the death of Mrs. Susan A. Bullard, which occurred at 3:30 o'clock yesterday afternoon in this city, at the home of her son, Mr. E. J. W. Anders, No. 105 North Ninth street, in the 65th year of her age. She is survived by two sons, Mr. E. J. W. Anders, of this city, and Mr. W. K. Anders, of Ivanhoe, and two daughters, Mrs. J. W. Marley, of Atkinson, and Mrs. M. V. Orr, of Marion, S. C. The bereaved ones have the sympathy of a great many friends in their sorrow.

The interment will take place in the old burying ground of the Anders family, on South River, near Ivanhoe, in Sampson county, at 1 o'clock Wednesday afternoon.

STEAMER IN DANGER.

Ran on Reef on Florida Coast—May be Floated.

Key West, Fla., March 27.—The steamer D. N. Luckenbach, bound from Tampa to Baltimore, which ran on the reefs on New Ground Shoals, southwest of Key West last Friday, was driven further ashore late today and now is leaking slightly in the forward hold. The revenue cutter Forward, which rendered assistance to the Luckenbach, reports that after jettysoning nearly 150 tons of phosphate the vessel was driven further on the reefs just as she was being floated.

The Italian bark Chili reported ashore near the Tortuga last week, is now lying high and dry on the reef. The Chili was from Pensacola bound for Genoa with a cargo of lumber. The wreckers expect to float both vessels with comparatively little loss.

AID FOR THE REFUGEES.

Red Cross Wires Money to Mexican Women and Children.

Washington, March 27.—In response to appeals from Brigadier General Bliss, of Sandiego, Cal., for relief for the destitute refugees of the Mexican revolution in lower California, the American National Red Cross today telegraphed $2,000.

The refugees, of whom 45 are women and 121 children, are in the wild mountains about 35 miles from Sandiego, General Bliss reports. A detachment of United States troops is rendering assistance. From 13 to 18 are being housed in one tent.

TWO KILLED BY TORNADO.

Many Buildings Blown Down and 15 Persons Injured.

Monroeville, Ala., March 27.—Two men were killed and 20 persons were injured by a tornado which swept through this part of the State yesterday evening. At Jones' Mill, Stephen Byrd and Alexander McCroy, farmers, were killed and 15 persons more or less seriously hurt. Several buildings were blown down and a number of persons injured at Excel. At Maniste, Ala., Dr. E. M. Harper and Miss Alice Lambert were badly hurt.

Lynchburg, Va., March 27.—The second team of Philadelphia Nationals defeated the local Virginia league this afternoon 9 to 0. Seven of the runs were due to errors by players who will not be retained by the locals. The game was played in a high wind.

FOR NATIONAL FORESTS.

Commission Has Commenced to Purchasing Lands — Details.

Washington, March 27.—The National Forest Reservation Commission created under the Week's Law, is ready to commence purchasing lands, for the creation of National forests in the Appalachian and White Mountains, according to an announcement by the Department of Agriculture. Under the Week's bill, the Secretary of Agriculture was authorized to examine, locate and recommend to the commission for purchase such lands as in his judgment may be necessary for regulating the flow of navigable streams. The forestry service has printed circulars giving information as to where and what kinds of land are wanted.

The land purchased will be restricted to the States whose legislatures have consented to the acquisition of land by the goverament for preserving the navigability of streams. Maine, New Hampshire, Maryland, Virginia, West Virginia, North and South Carolina, Tennessee and Virginia have already consented.

The first lands to be examined for purchase will be those because of their altitude.

Steepness and lack of protection, are considered to be in a class by themselves. The lands will not become game preserves, the public still will be able to hunt and fish in accordance with State laws.

CHINA ANSWERS ULTIMATUM.

Demands Acquiescence Not Later Than Tomorrow.

Peking, March 27.—The Chinese reply to the Russian ultimatum demanding acquiescence not later than tomorrow, in the demands set forth in the Russian note of February 16th, was delivered tonight according to announcement by the foreign board.

It is a lengthy document explaining and justifying the previous answers of China to the representations from St. Petersburg and there is no doubt that it makes further concessions.

The Russian legation believed today that the Chinese not would terminate the incident regarding Russian consular and commercial privileges in Mongolia temporarily, but the Chinese having discovered that Russia is reluctant to move her troops, will recommend soon, it is believed, her policy of construction towards the Russians in the interior. Accordingly, it is thought, that the whole issue will be only aggravated by the latest exchanges.

REFORMS IN CALIFORNIA.

Nearly All Urged by Governor Johnson Enacted Into Law.

Sacremento, Cal., March 27.—The California Legislature adjourned tonight after enacting into laws nearly all of the reforms on which Governor Johnson made his campaign as a progressive.

The following constitutional amendments will be submitted at a special election in Octooer:

For the initiative and referendum; for the recall of elective officers, including the judiciary; for woman suffrage; eliminating technical errors as a ground for reversal in criminal cases.

Washington, March 27.—A general invitation to Democratic organizations of nearby States has been extended by the College Men's Democratic League to attend a meeting here to celebrate Jefferson's birthday on April 13th.

Speaker-elect Champ Clark, of the House of Representatives, Dr. Thomas Nelson Page and Warren Jefferson Davis, president of the organization, under whose auspices the meeting will be held, will deliver addresses.

BEE AND WASP AT PEACE.

New Orleans Editors Stoop to Warning of District Attorney.

New Orleans, March 27.—With parting invectives in their representative papers, the Bee and the Wasp, Editors Barconcelli and Capdeville today apparently abandoned the idea of a duel that was imminent last week. The district attorney today warned the editors that no more threatening articles would be tolerated and they bowed to his ultimatum.

Salt Lake, March 27.—James Mack, treasurer of Utah for 20 years, and treasurer of the Mormon Church for more than fifty years, died today at his home. He was 82 years old. Jack crossed the plains with an ox team in the early 50's. Shortly after reaching Salt Lake City, he was appointed by Brigham Young as treasurer of the Church. He served in this office under all Mr. Young's successors.

New Orleans, March 27.—Brazil has tentatively agreed to co-operate with New Orleans and other Mississippi Valley cities in establishing a $3,000,000 steamship line between this port and Brazil. The South American Republic will send a representative to this city to investigate the feasibility

Winchester, Va., March 27.—Martinsburg, W. V., voted dry today by a majority of 172 in a total vote of over two thousand.

Y. M. C. A. AT A. & M.

Campaign Inaugurated for Building at The College.

(Special Star Correspondence.)

West Raleigh, N. C., March 27.—In chapel this morning the Y. M. C. A. campaign for the raising of as much money among the student body as possible, was launched by General Secretary Bergthold. He made an enthusiastic talk about the proposed building and stated that this building was to the the center of all student activity and the headquarters of all the student volunteer organizations, such as literary societies, clubs, college publications such as the Red and White, the Agromeck, etc. A room will be provided for the managers of the various teams of the Athletic Association, and a trophy room, where trophies won in many hard fought contests will be displayed.

The building will contain a gmynasium, one of the most pressing needs of the college, and possibly a swimming pool. Large assembly halls for the two flourishing literary societies, the Leazar and the Pullen, will be provided. One or two bedrooms for the use of visiting alumni will be fixed up.

The campaign will be conducted on lines very similar to the campaign now being waged in Raleigh. Two managers from among the students will be provided and each will select his assistants and endeavor to raise the greatest amount. Already the students are lining up for the fight and the contest promises to be a warm one from the very beginning.

GEORGIA RAILROAD WINS.

Commerce Commission Ruled Against Lumber Company.

Washington, March 27.—A principle that is likely to govern in many cases, was laid down today by the Interstate Commerce Commission in a decision of the complaint of the Kaul Lumber Company, of Alabama, against the Central of Georgia Railway and other carriers.

The lumber company built a railway line connecting its mill on the line of the Central of Georgia with its timberland. It entered into an arrangement with the railroad by which it received two cents a hundred pounds on all lumber hauled to the junction. Later the road advanced its rates on lumber from Alabama points to Ohio river transfers two cents a hundred pounds. The lumber company asked reparation on shipments of its lumber to the extent of two cents a hundred pounds. In denying the request the commission said:

"That conceding for the purposes of this case that the advance of two cents per 100 pounds on yellow pine lumber was unreasonable and unjust, the complainant lumber company is not entitled to any reparation thereon for the reason that it has never paid the advance.

"That, if the railroad of the lumber company snould be held to be a common carrier and the complainant contends it should in such case it cannot be heard to complaint of the advance in rates because it had concurred tacitly and explicitly in such advance."

A. C. L. WRECK.

Express Messenger Getting Along Well—Conductor Parnell.

Savannah, Ga., March 27.—General Superintendent Brand, of the Atlantic Coast Line Railway, who has been at the scene of the wreck of the Dixie Flyer at the Alapaha trestle Saturday, will return to Savannah this evening. The wreckage is being rapidly cleared away and it is stated that the tracks will be open by tonight. A large force is now at work repairing the breaks in the trestle. It is not hoped, however, to have the breaks repaired before late tonight.

J. E. Powell, the express messenger who was badly hurt in the wreck, is getting along very well at the Waycross hospital and the doctors announce that he will recover. None of the others injured are so seriously hurt as to cause uneasiness.

The body of Conductor C. J. Parnell, which was brought to Savannah after being taken from the wreck Saturday afternoon, was sent to Anderson, S. C., yesterday for interment.

Waycross, Ga., March 27.—Ninth on the death list of the wreck of the Dixie Flyer, on the Atlantic Coast Line at the Alapaha river trestle early Saturday morning, J. E. Powell, of Jacksonville, express messenger, died here late tonight.

PLAN A BIG INVENTORY.

That of Engineers of All Railroads in Harriman System.

Denver, Colo., March 27.—Plans for taking one of the biggest inventories in history were discussed today by the engineers of all railroads belonging to the Harriman system. A complete valuation of the entire system, involving the listing of everything from bolts and steel rails to cars, buildings and franchises on more than 16,000 miles of tracks will be taken. The task probably will require two or three years.

The report which, when completed is expected to answer the question of how the physical valuation of the railroad compares with the capital stocks and bond issues.

Key West, Fla., March 27.—The steamer D. L. Luckenbach has been held on New Grounds Shoal, 40 miles southwest from here since last Friday. She is resting easy and can be floated by a southwest wind. The revenue cutter Forward and tug Iola are along side to render assistance if needed. The cargo is being jettysoned.
